2016 Engagement Forum

The 4th Annual Ohio State University Engagement Forum will take place on May 3 from 1-3 p.m. in the Archie Griffin Ballroom at the Ohio Union. The forum is an opportunity for faculty, staff, students and community partners to interact with Ohio State's engagement community, share your work and make connections with potential collaborators.

The event is free and open to the public. All are welcome to attend!

Energize Ohio: Building Ohio's Energy Future

Purpose

Energize Ohio is a multidisciplinary program that addresses a wide range of energy education topics including shale energy, renewable energy, energy policy, on-farm energy, youth education, landowner leasing, and sustainable community planning. The curriculum consists of worksheets, presentation materials, workshop materials, bulletins, fact sheets, marketing templates, and evaluation tools. The ultimate goal of Energize Ohio is to enhance community leaders' and local residents' knowledge of energy drivers and development in order to promote informed decision-making and best practices.

Impact

In 2015, OSU Extension taught more than 1,422 Ohioans how to prepare for, attract, evaluate and develop potential renewable energy projects.

In 2015, OSU Extension delivered 10 programs, reaching 412 people, on shale energy-related topics.

In total, since 2012 the Energize Ohio Signature Program team has delivered 188 programs in 67 of Ohio's 88 counties, reaching 13,522 participants.

How you can get involved:

- Contact your local OSU Extension Office
- Email Energize Ohio Program Leader at Romich.2@osu.edu

To get involved, contact:

Eric Romich
OSU Extension Field Specialist,
Energy Development
Ohio State University Extension
romich.2@osu.edu
